Approved Electives Outside the Department of Economics
(updated February 2019)

Selected courses from other disciplines can be used to count towards the economics major. Economics Majors can take up to two elective courses outside the Department of Economics. The courses must be either on the list of approved courses or pre-approved by an Economics advisor.

Approved electives outside the Department of Economics

- **ACCT 301**: Intermediate Finance Accounting I
- **DS 408**: Computer Simulation
- **DS 412**: Operations Management
- **DS 612**: Data Mining with Business Applications
- **DS 624**: Quality Management
- **FIN 350**: Business Finance
- **FIN 536**: International Finance
- **IR 312**: Introduction to International Political Economy
- **ISYS 363**: Information Systems for Management (*newly added*)
- **MATH 227**: Calculus II
- **MATH 228**: Calculus III
