Approved Electives Outside the Department of Economics
(as of FA15)

Selected courses from other disciplines can be used to count towards the economics major. Students can take up to two elective courses outside the Department of Economics. The courses must be either on the list of approved courses or pre-approved by an economic advisor.

Approved electives outside the Department of Economics

- **FIN 350**: Business Finance
- **FIN 536**: International Finance
- **MATH 227**: Calculus II
- **MATH 228**: Calculus III
- **MATH 245**: Elementary Differential Equations and Linear Algebra
- **MATH 441**: Probability and Statistics II
- **MATH 324**: Probability and Statistics with Computing
- **MATH 325**: Linear Algebra
- **MATH 338**: Introduction to SAS
- **MATH 340**: Probability and Statistics I
- **MATH 376**: Ordinary Differential Equations I
- **MATH 400**: Numerical Analysis
- **MATH 424**: Introduction to Linear Models
- **MATH 448**: Introduction to Statistical Learning and Data Mining
- **MATH 490**: Non-Parametric Statistics
- **ACCT 301**: Intermediate Finance Accounting I
- **DS 408**: Computer Simulation
- **DS 412**: Operations Management
- **DS 612**: Data Mining with Business Applications
- **DS 624**: Quality Management

More courses are coming soon.
