## COUNSELING & PSYCHOLOGICAL SERVICES

### TELEBEHAVIORAL HEALTH SERVICES

Service Options

#### CONSULTATION

Whether you are new to CAPS or have previously sought CAPS' services, speak with a counselor to receive guidance about your concerns. In this session, you will learn more about telebehavioral health options that may be the best fit for you.

#### INDIVIDUAL BRIEF COUNSELING

Please schedule a consultation appointment to see if telebehavioral health sessions are a good fit for you. Sessions (45 min) help the counselor get to know you and your concerns as well as determine next steps.

#### CASE MANAGEMENT SERVICES

Case management appointments provide students with support in connecting with local resources or longer term therapy.

#### ALCOHOL AND OTHER DRUG (AOD) COUNSELING

Receive support for substance-related issues in a non-judgmental and confidential space.

#### CRISIS COUNSELING

If you are feeling intense emotional distress (such as family issues, death of a loved one, relationship breakup) **that is not** life threatening, please call CAPS and tell us you would like crisis counseling.

IF YOU ARE EXPERIENCING A LIFE THREATENING CRISIS OR MENTAL HEALTH EMERGENCY, PLEASE CALL THE NATIONAL SUICIDE PREVENTION HOTLINE (800-273-8255), DIAL 911, OR GO TO YOUR NEAREST EMERGENCY ROOM FOR IMMEDIATE HELP.
