The Vista Room is a real-time learning laboratory where Hospitality & Tourism Management students practice, experience, observe, and experiment in food service, production, and management.

Our mission is to provide a practical and real experience in hospitality, food service, production, and sustainability. The Vista Room provides leadership in these areas through student education, campus hospitality and community involvement.

We proudly support local producers and purveyors.
We would also like to thank our donors and supporters:

Thank you for participating in the students learning experience.
